Once again it is my pleasure to extend a very warm welcome to all taking part in the 61st Annual Regina Music Festival which this year will highlight the works of Beethoven in commemoration of the 200th Anniversary of the birth of one of the most gifted musicians the world has known.

The Regina Music Festival is looked forward to each year with keen anticipation because it is here that our young people, after months of hard work, are given the opportunity to show us the direction in which their abilities lie. The calibre of their performances has placed attendance at the Festival a "must" in the cultural life of our City. The members of our community who work so diligently in the promotion of the Music Festival deserve a tremendous vote of appreciation for their efforts.

My very best wishes to all taking part in this Festival which I know will enjoy a large measure of success this year.

SIDNEY HARRISON

Sidney Harrison as a child showed evidence of becoming a musician. At thirteen years of age he appeared at Queen's Hall as a young maestro. In his early twenties he was the youngest professor at the Guildhall School of Music and Drama where he was trained; and over the years he built up an enviable reputation as a pianist.

During the war his activities were varied. He was a conductor and concert pianist in between his Civil Defence duties.

Mr. Harrison has recitals, concertos and lecture-recitals, both on radio and TV, to his credit, as well as a number of books regarding music and piano technique. He is also credited with a number of compositions.

Mr. Harrison is one of British representatives. Has judged music competitions in Britain and twice has been on the Canadian Chain. He mostly judges piano, but is equally capable on strings and vocal.

GEORGE C. NAYLOR

Trained at the Royal College of Music in London as a violinist and clarinetist, at Kneller Hall in London as a band director, completed a degree in composition at Dalhousie University in Halifax and is presently preparing his doctoral dissertation in Education Administration at the University of Alberta.

Having taught in school and university and acted as Director of Music for the PPCLI Band, his experience in the wide-ranging fields of music is extensive. As well, he has played viola with the Edmonton, Halifax and Victoria symphonies.

His keen interest in music for youth has arisen from the many areas of music education his career has covered. He was educational advisor to the Edmonton Symphony Society, directing and conducting its in-school music program until 1968, as well as training the Edmonton Symphony Youth Orchestra for several years. During the 1968-69 season he also conducted the school concert programs for the Winnipeg Symphony Orchestra. Also he has conducted and taught courses for the Alberta Provincial Summer Workshops, and has adjudicated throughout the Maritimes and all of the Western Provinces.

In addition to his many degrees and awards, he is currently studying on the International Nickel Fellowship for Education.

RANKEN BUSHBY

Born in the Tyneside village of Chapwell, Mr. Ranken Bushby was educated at Hookergate Grammar School and at King's College, Newcastle-upon-Tyne, where he studied Mining Engineering.

An accident prevented him from fulfilling his ambition to become a Mining Engineer and already an established amateur singer, he decided to take up singing professionally, and studied at the Royal College of Music, London, under Mr. Gordon Clinton.

He is a first-class concert artist and appears regularly for the B.B.C. on both radio and television.

He has won many awards for his singing, and in 1960 was asked to organize the singing teaching in the newly formed Music Department at the Colchester Technical College. He has now built the department from an initial five students to over seventy in two years. He is also professor of singing at the Royal College of Music.

He has indicated that he would be pleased to handle not only vocal, but choral, bands and wind classes.

He is in his early forties, of striking appearance and very friendly.

ALF CARLSON

Internationally known as an accordionist, educator, writer, lecturer and adjudicator. He was born and educated in Sweden, and now as a Canadian citizen, has for many years been active in Canadian music education, and it was mainly through his efforts that the accordion was accepted in the Canadian Festival movement.

His articles on music education have found their way into Canadian, American and European journals and magazines. He is the editor of the B.C.R.M.T.A. Music Journal. His services cover not merely accordion but other instruments and music education in general. His work as an educator has won for him international acclaim, with students not only from Canada, U.S., and abroad. A remarkably high percentage of his students have reached concert calibre level.

Mr. Carlson considers the beginner, the young music student, the most important factor in his work, because he realizes, (as should all teachers) that without an early and proper start, much worthwhile material in our field is lost. The question of the worthiness of the accordion as a musical instrument and the reluctance of some to accept it as such, presented to him a challenge which he accepted and successfully met. His sincere dedication to the cause is a constant source of inspiration to those who know him and work with him.

O CANADA

Provincial Scholarships and Awards

The Saskatchewan Music Festival Association is appreciative of the generous response from so many individuals, business firms, service clubs and other organizations, and of their continuing support through scholarships and other contributions.

SCHOLARSHIP REGULATIONS

Scholarships are given expressly for the continuation of the musical studies of the student and will be paid to the teacher or school of music designated by the winner. At the specified request of the donor and with the approval of the Scholarship committee, payment is made according to the donor's wishes.

Scholarships will be paid at such times in such amounts as authorized by the scholarship committee.

Scholarship winners shall be chosen by the adjudicator and shall be announced by him during the Festival.

Scholarships donated and committed for competition are payable to the Association by January 1st of each year.

The Association does not assume any responsibility for any scholarship which has not been paid to it in accordance with the above regulations.

All scholarships shall be forfeited if not used within twelve months of the Festival date at which the scholarship is awarded. Notwithstanding the above the scholarship committee may, at its discretion, consider an application from the scholarship winner for an extension of the time limit.

PROVINCIAL COMPETITIONS – DISTRICT WINNERS

There will be fourteen regular Provincial Competitions this year, four vocal, ten instrumental and one in which all the provincial finalists are eligible.

There is also the Special Beethoven 70 Competition for violin and piano duo, 'cello and piano duo and solo piano.

Listed below are the specific classes relating to each competition, in which a contestant, aspiring to win a Provincial Award, must enter. Any participation in these specific classes should be carefully recorded at all District Festivals, and brought to the attention of the adjudicator.

To help promote the truly provincial aspect of our operations, we have adopted a system whereby a winner showing talent and performing skill in these specific classes at all District Festivals, may be recommended by the adjudicator to be a District Winner, eligible for further competition at Saskatoon or Regina. Every District Festival should encourage their District Winners to continue, and notify the Secretary at Saskatoon or Regina as soon as a decision is reached.
